Online Inspection

List View of Beneficiary:

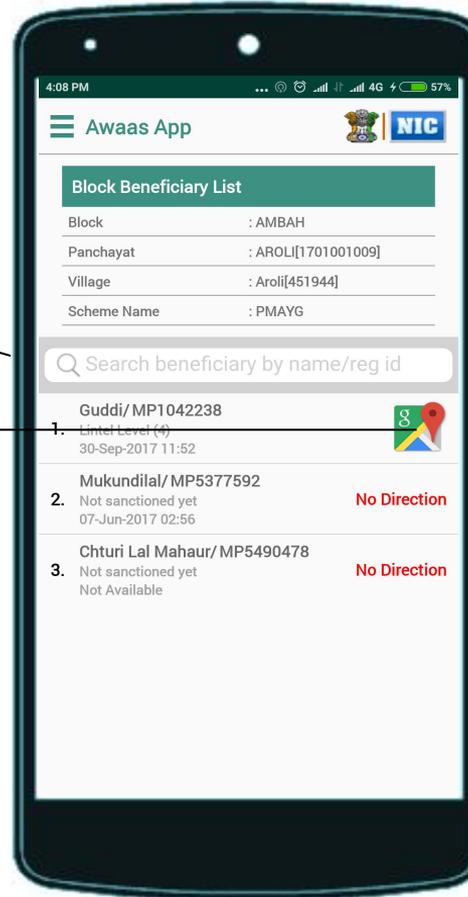

The list will appear which is mapped in the panchayat.
The beneficiary could be searched easily with registration id or by his/her name.

Note:

To upload the photographs the inspector has to tap on the beneficiary in the list, the next window will show the upload procedure.

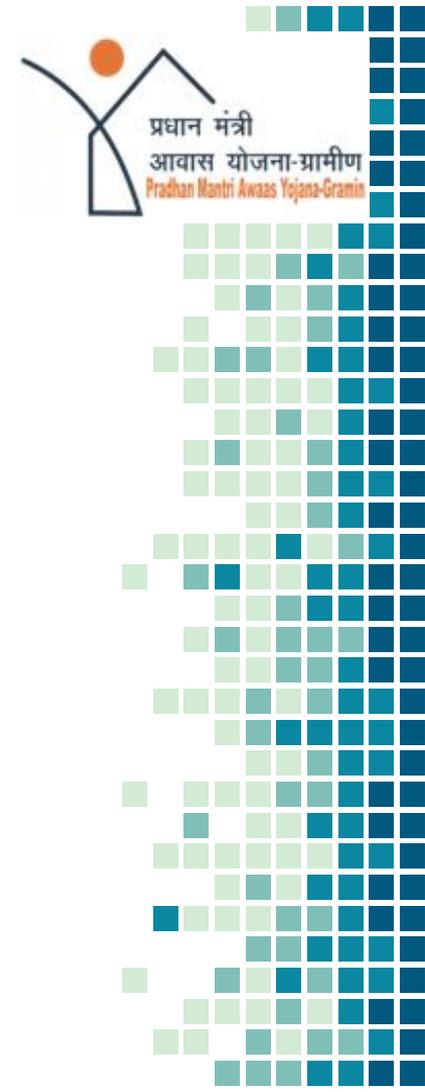

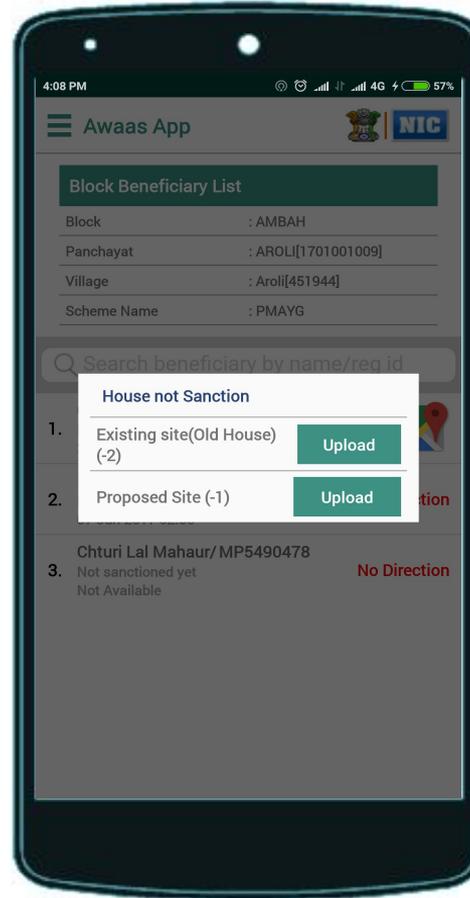

Location

The location of beneficiary's house site can be viewed when you tap on the graphic shown in front of the beneficiary id.

Online Inspection

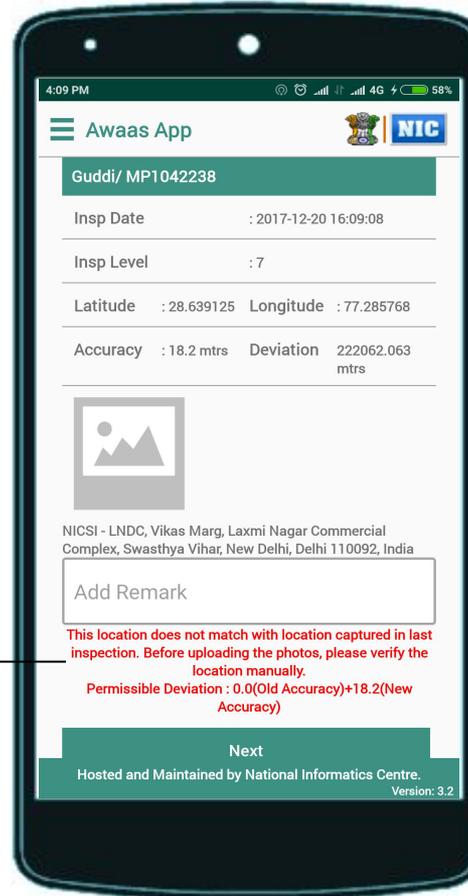

The photo can be uploaded at different levels, after tapping the **upload** button.

Online Inspection.

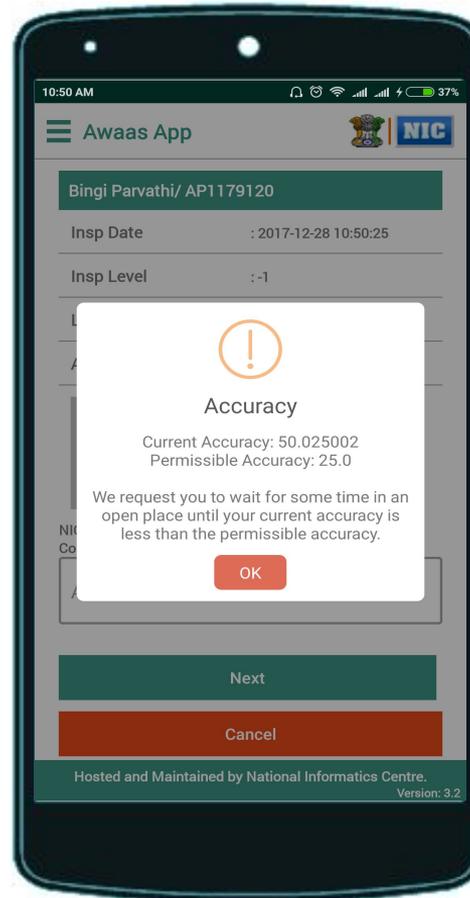

While uploading the photo the screen will appear as shown which will let you **Add remark** about the photo.

Deviation: If the deviation exceeds the permissible deviation then an **error message** will be flashed, where the permissible deviation is (old accuracy)+(new accuracy)

Online Inspection.

Accuracy: It should be less than 25 metres, and defines how accurately the latitude and longitude have been measured. The error message will be flashed as shown.

Questionnaire

The set of questions as shown will appear after every level of Inspection, which will have two options:

- **Save Offline,**
- **Upload.**
